YUCCA NOTES

Mysteriously disappeared! Two perfectly good letters containing items of absorbing interest, and intrinsic value. Both addressed—printed—to "The Mohave County Miner". Contents—Yucca News Notes. For reward, etc., see party addressed. We are sure going to quit toiling and moping over news items these hot days if they are to be lost to an appreciative and waiting world.

Summer may be a little late, but she seems to have lost none of her old-time ardor. It is real warm in Yucca now.

LET US NOT FORGET

Ex-service men of Kingman got together a firing squad Memorial Day morning and went out to Mountain View Cemetery where three volleys were fired in salute, also taps were sounded in honor of the two boys who gave all that is possible to give in this life for their country. Members of the boy scout troop acted as color bearers. Flowers were placed on the graves by the American Legion.

This is the first time in several years that there has not been some formal exercises for Memorial Day and this fact was not in keeping with other things accomplished by the people of Kingman. There is not a town of its size in the state that can point to greater accomplishment in many things nor holds a people of bigger nature. It is just as proper to pay homage in patriotic speeches and songs now—homage to the dead as well as the boys who gave up their time and risked their lives for a cause—as it was two, three or four
